CARVER COUNTY

Draft

Meeting Minutes

December 9, 2020

Members Present Via

Webex:

Gerald Bruner, Jim Boettcher, Scott Welvaert, Curt Kobilarcik, Mark Lagergren, Gary Van Eyll

Staff Present:

Marty Walsh, Sam Pertz, Connie Keller

Call to Order:

Bruner called the meeting to order at **(6:58p.m.)**

Approval of Minutes:

(6:58p.m.)

Kobilarcik motioned to approve the minutes of the November 18, 2020 meeting minutes. Boettcher seconded the motion.
Motion passed 6 to 0.

Additions/Deletions to the Agenda: **(6:59p.m.)**

None

Approval of Agenda:

(6:59 p.m.)

Lagergren motioned to approve meeting agenda.
Van Eyll seconded the motion.
Motion passed 6 to 0.

Commissioner Liaison Report: **(6:59p.m.)**

Commissioner Lynch is excited to have Lake Waconia Regional Park open next season and having the vault latrines put out on the island. Lots of planning have gone into the park.

Open to the Public:

(6:59p.m.)

None present

Old Business

(6:59p.m.)

a. Naming of Picnic Shelters

Staff reiterated the reasoning behind establishing guidelines for naming park facilities. Staff reviewed the criteria going forward with naming of shelters. Staff stated that they went out to Lake Minnewashta to look at the geographical landscape and/or environmental features in proximity to a particular shelter.

Staff presented names for the four shelters at Lake Minnewashta Regional Park - Shelter #2 Hilltop, #3 Big Oak, #4 Trailside, #5 Lakeview. Staff explained the geographical reasoning behind the names.

Staff is asking the park commission to vote to rename the existing shelters at Lake Minnewashta Regional Park with the names presented.

Bruner made a motion to recommend approving the names as presented by staff for shelters at Lake Minnewashta Regional Park.

Van Eyll seconded the motion.

Motion passes 6 to 0.

Staff stated going forward we will use the criteria presented of naming or renaming shelters at the parks.

Questions or Comments:

Kobilarcik likes the names that staff has presented.

Welvaert also liked the names and said they should work well for marketing.

Boettcher would rather have Skyview for Shelter #5 instead of Lakeview due to the proximity of shelter to Lake.

Bruner asked if you can see the lake from Shelter #5; Staff stated yes, you can.

There were no other questions or comments.

b. CIP

Staff shared that at the November 24th Board meeting they presented the preliminary capital improvement plan for the Parks Department. County Board was receptive to the projects presented.

Staff shared that the some of the funding from the island project will carry over as well as some grant money. They are also working with non-profits for the next level of service on the island. Additionally, there is some unspent money that will go towards the next phase of development of Lake Waconia Regional Park.

Staff stated that we will have challenges with new needs and replacement of existing infrastructure. These will require multiply funding cycles and funding sources to accomplish larger projects or find other sources such as bonding or other funds. Some of these items include the remodeling of the Baylor Park Visitor Center, replacement of the Lake Minnewashta Regional Park playground and the development of a new playground for Lake Waconia Regional Park.

Staff stated project list will get longer and will grow as well as cost will escalate. Staff shared the projects that will move forward for 2021 like site & ADA planning for Baylor Regional Park Visitor Center, bridge repair on the Dakota Rail Regional Trail, the trail stabilization on North Shore Road, possible removal of the Lake Waconia Event Center, Waterfront Service Center, Phase II of the Coney Island cleanup and restrooms, and trail pavement management.

Staff also shared the 2022 – 2026 projects with fewer projects, staff stated that things could change looking long- term.

Bruner asked for a motion to recommend approval of the 2021 CIP listing of projects and the longer-term project listing for the years 2022-2026.

Van Eyll motioned the recommendation to approve.

Welvaert seconded the motion.

Motion passes 6 to 0.

There were no other questions or comments.

Informational: (7:17p.m.)

a. Lake Waconia Regional Park

i. Waterfront Service Building Phase I Design Process

Staff shared with park commission members that money was obtained to go forward with Waterfront Service Center.

Board approved going forward with HGA for the preliminary design for the building. HGA will help with the Phase I of project which involves the public and stakeholders' input. Staff stated they plan on having a press release for these virtual open houses and or pre-taped presentations after the contract is approved. These meetings tentatively will start in January. The Stakeholders meetings will consist of groups like city, township

and those meeting to start in early January. The technical advisory meetings will consist of county groups and those meetings will also be done in January. Staff would like to go to County Board on January 19th with findings and follow up meeting on January 26th requesting authorization to begin. Staff would like to move the park commission meeting to January 20th in order for the park commission to make recommendation for the county board meeting on the 26th.

Questions or Comments:

Lagergren wanted to know if they would be able to see those comments on the building; Staff stated that park commission members are welcomed to participate in the public open house and staff and consultant will also be summarizing the comments and the park commission members will be able to see all comments.

Bruner asked if staff will send out the meeting information as well as reminders; Staff stated that we will send out meeting information as well as reminders to park commission members. Staff stated that we are close to sending out the press release for those meetings. Public open houses will be in the evening the stakeholder meeting will be in the evening and the technical advisory will be held during the day.

There were no other questions or comments.

Staff Reports:

(7:28 p.m.)

a. Southwest & MN River Bluffs Regional Trail Master Plan Amendment TH5 Regional Trail

Staff stated that they have met with the cities of Victoria and Chaska and we are making some alignment changes due to their input. Staff is hopeful that we can bring back in January with updates.

b. TH5 Arboretum Regional Trail Connection

Staff stated that this project will be coming to a close for the winter, there are finishing up installing the deer fencing and the support rods are also being installed for the metal sheet piling for the underpass. Work continues on the utilities issues to try and get those items done.

Questions or Comments:

Bruner asked with the nice weather this winter can they continue to work on the trail; Staff stated that they are just working on fencing and the sheet piling.

There were no other questions or comments.

c. MN River Bluffs Regional Trail

Staff stated that the work is pretty much completed, grading, erosion control and tree planting are done, the safety fencing is still not installed so the trail is not able to be open until that is complete. There seems to be a delay in the fencing materials.

Questions or Comments:

Kobilarcik stated that he did bike over the bridge and the trail and said it is amazing compared to what was there in the past. A great benefit to this trail. Conversation was had on the bridge and the area in general with the new trail system.

There were no other questions or comments.

d. Park Operations

Staff shared that they are waiting on the next Governors Executive Orders to see what we are going to be allowed to do with our winter services. Staff stated that we are in a quitter time of year. Working on projects like enhancing our reservation software and working on our marketing with the direct mailer that we send out in the spring and summer.

There were no other questions or comments.

Commission Member Reports: (7:38 p.m.)

Bruner wanted to wish everyone one a happy holiday.

Boettcher stated that his wife is an essential worker and for the first time came home and stated that she wished everyone would stay home due to COVID. Others reiterated this statement.

Next Meeting Date: (7:40 p.m.)

Next meeting will be on January 20, 2021 - conversation was had on reason to move to later date and other topics for this meeting.

Adjourn Meeting: (7:47 p.m.)

Boettcher motioned to adjourn the meeting.

Van Eyll seconded the motion.

Motion passed 6 to 0.

1360 Highway 212 West, Suite 2
Cologne, MN 55322

MEMO

TO: Members of the Park Commission
FROM: Martin Walsh, Parks and Recreation Director
SUBJECT: Waterfront Service Center
DATE: January 13, 2021

Carver County was recently notified that it would receive \$2,500,000 in state bonds to develop a waterfront service center in the park. Additionally, these state bonds are to be matched with an additional \$2,500,000 of County funds. Together \$5,000,000 will be available for this project.

On November 24, 2020 the County Board authorized proceeding to contract with HGA Architects for public engagement and preliminary design services for a waterfront service center at Lake Waconia Regional Park. This work was commissioned to proof out a building concept created in 2018.

Staff and consultant have worked to engage and to verify public support for key building elements through survey, stakeholder and public meetings.

Strong support was evident in survey and meetings for primary elements of the building. These elements include:

- Restrooms
- Equipment Rentals
- Picnic Area
- Food Concessions

Support was also evident for a year- round social activities to occur in the building indicating the building should be heated.

Many other suggestions were received to support the building and park, some of the more frequently mentioned items are listed below.

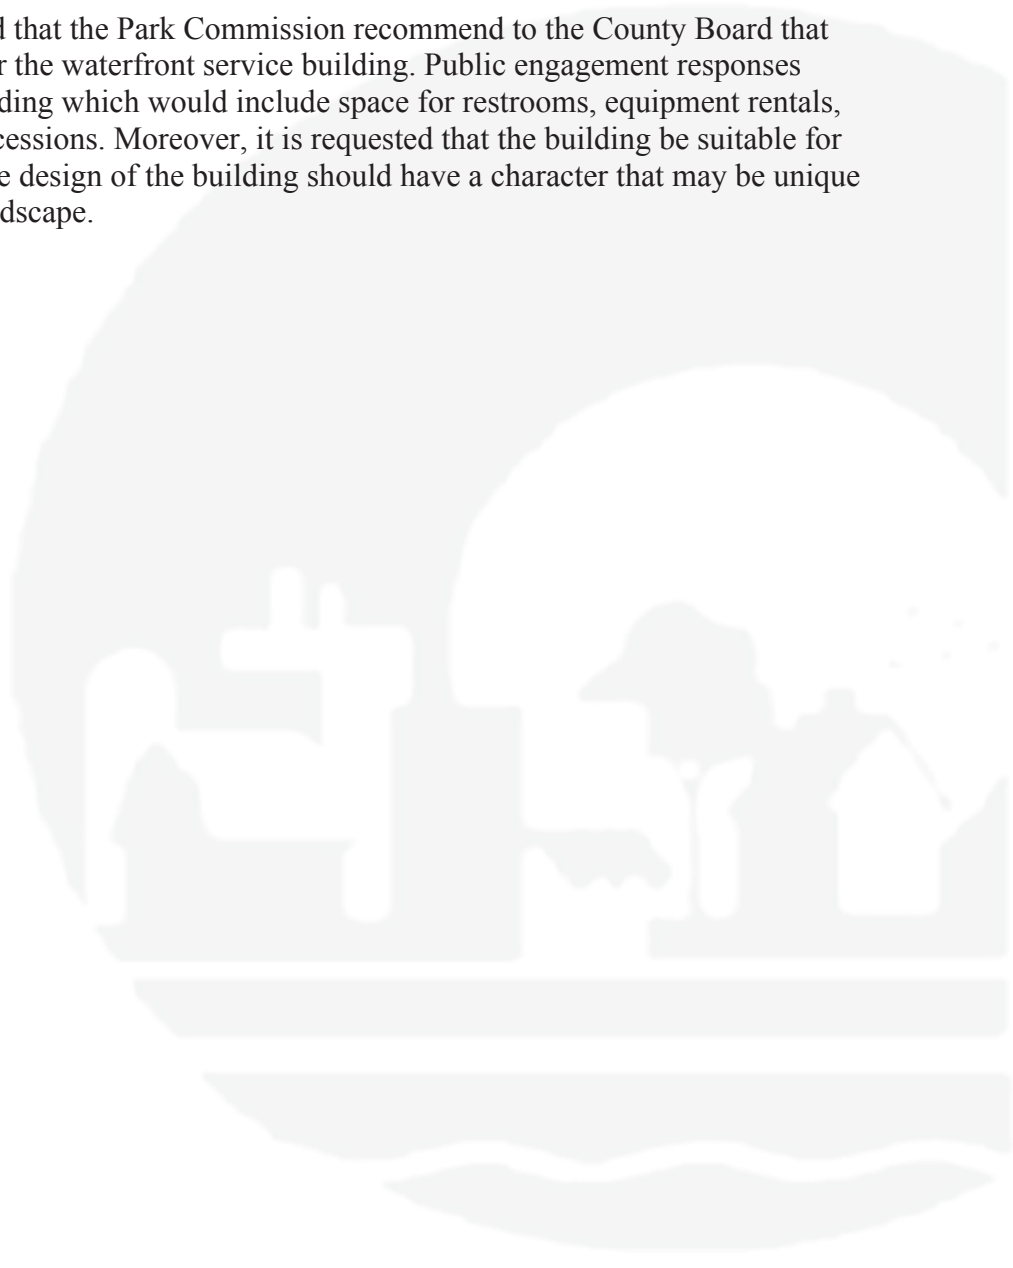

- Docking Facilities
- More Shade Umbrellas
- Splash Pad
- Dog Park
- Fire Pits
- Bandshell
- Showers
- Inclusive Design
- Playground
- Seating Overlooking the Lake.

CARVER COUNTY

Further, work was done to better understand what kind of presence or prominence the building should have. Information received would indicate that a mid-point between blending into the landscape and being a strong focal point is preferred. This may be interpreted to indicate presence is important but need not be so prominent that it distracts from the setting. It may also reflect a value to spend wisely to achieve quality and functionality above creating a strong visual presence.

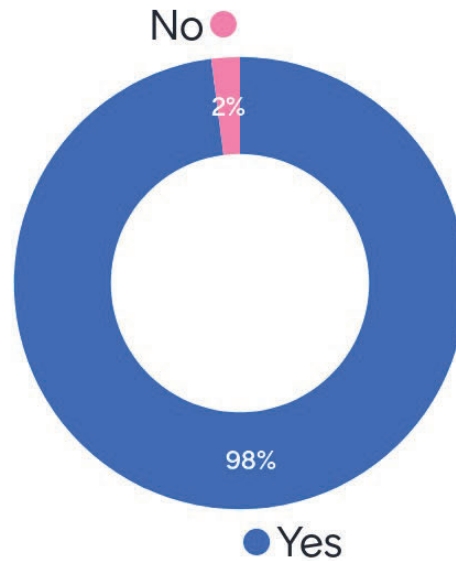

The public engagement process has been completed for work to progress to preliminary and final design. Attached is the data obtained from the public engagement activities which supports the key building elements as mentioned above.

Recommendation: It is requested that the Park Commission recommend to the County Board that preliminary design work begin for the waterfront service building. Public engagement responses supported key features of the building which would include space for restrooms, equipment rentals, covered picnic area and food concessions. Moreover, it is requested that the building be suitable for year-round operations. Finally, the design of the building should have a character that may be unique but is not overpowering in the landscape.

CARVER COUNTY

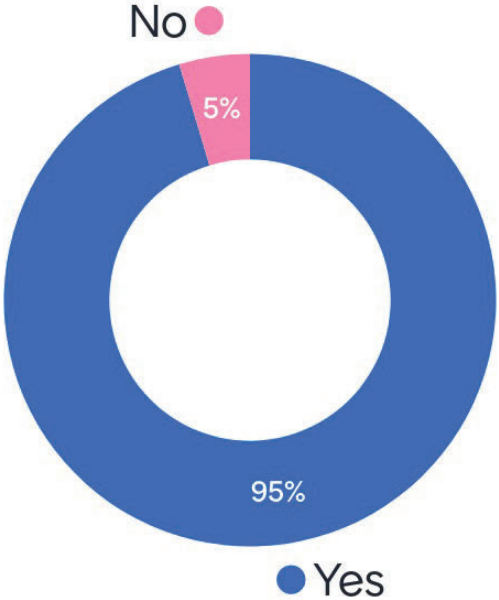

Have you ever been to Lake Waconia Regional Park?

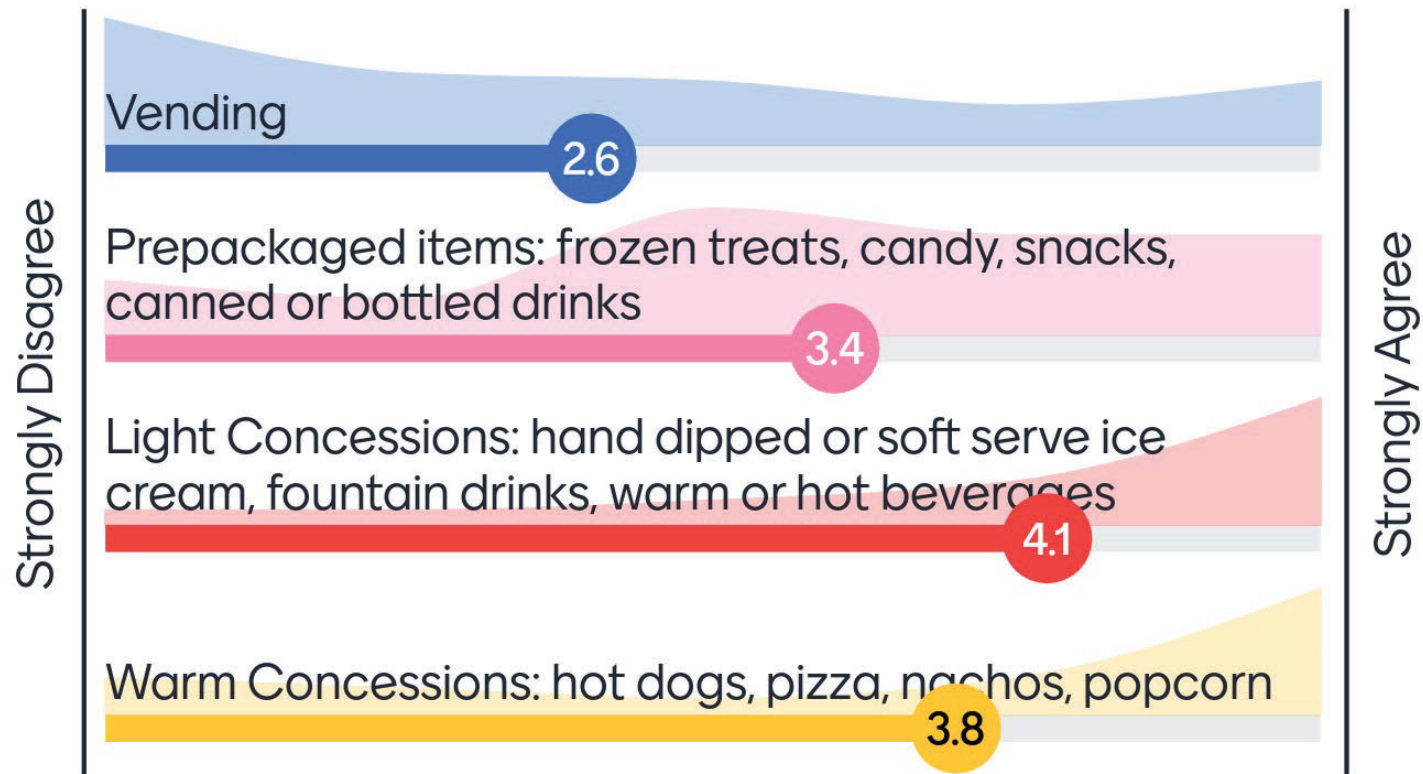

What type of equipment rental would you like to see?

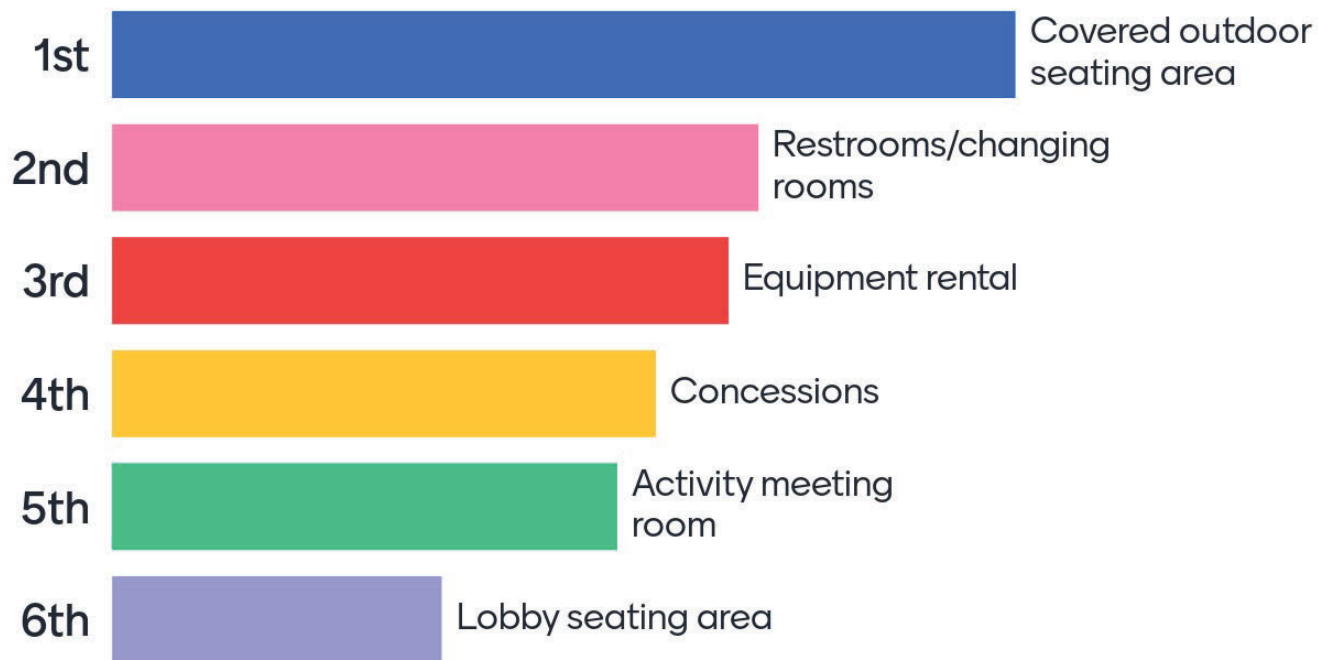

Would you use the park in the winter if services were available?

What type of food service would you use?

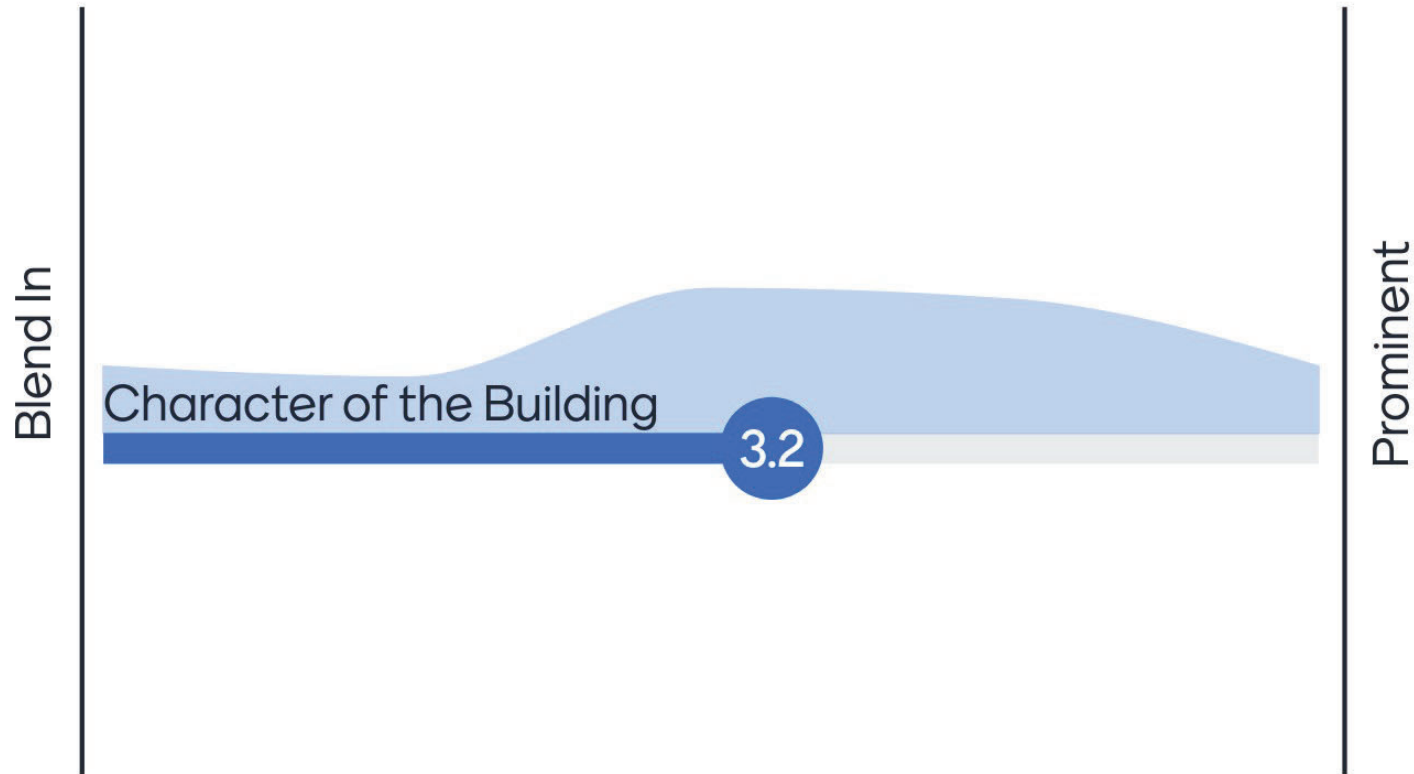

What space would you use the most? Rank the spaces in order of highest priority to lowest.

What kind of presence should the building have?

What are you most excited about with this project?

Rentals and a space to take recreation classes.

Shades and shelter

Bringing the community together!!!

Having a good family activity area

Waterfront place to gather with friends and eat and relax

Opportunity to utilize the park and island for recreation and business.

Having a place for people to gather

The plan to keep the current Event Center. This has an important place in our community and its history

Bringing the community closer together!

What are you most excited about with this project?

Concessions and Rentals

To bring more people to the area, to have more winter recreation options!

As a park's employee, I'm glad to have a space for rental equipment and shelters for kids day camps.

More umbrellas at the beach!

Rentals in both the winter and summer!

More options to for opportunities to stay active!

Adding value to the County for the people that live and visit here

A cool place to hang out and enjoy nature. Love all the usage ideas

I am most excited to have a sort of "event area" in Waconia, I feel the town has really been missing this for a long time, there has not been a specific place to go for people of all ages to hang out.

What are you most excited about with this project?

Place for family time with kids

Something for toddlers Changing tables big enough for
handicap of all ages, not just babies

Somewhere to showcase the beauty of the lake for those
without boats.

Keep it family oriented, no hard liquor on the premises.

I'm most excited about being able to go to the beach/water
front here in Waconia instead of driving to other community
beaches. Love staying local!

Winter Skate and Tube Rentals

More space for a variety of types of recreating and enjoying
the lake!

It sounds like a great place to bring people together,
weather it is just one family, or friends getting together in a
calm relaxing environment.

Restrooms that are big and nice Simple area to be outside
and enjoy the lake Simply excited that it will open again
soon!

What are you most excited about with this project?

Another area to have community gatherings (remember those) a nice opportunity to get people interested in coming to waconia for the day

Providing the community with more access to the lake. Surveys by the City of Waconia find this to be one of the most common requests from our citizens.

Provides another location to bring families and community together.

Good place for taking canoe and kayak programs.

place to have multiple events like farmer's market family events

More opportunity for lakeside activities.

a space to gather with family and friends locally. Lake Waconia is so beautiful and there isn't much land available for upgrades to our town, we need to utilize this land to welcome our community members

Mote umbrellas at beach

Rentals and day use areas

What are you most excited about with this project?

capitalizing on the significant public investment made to date on this property - starting to really use the site

Multi use building

Rentals and a ferry!! For those who don't have a boat

A chance to use the lake thru rentals and have a shaded picnic

More shade

Picnic tables

Local recreation opportunities. Community service and togetherness. After all the options being discussed, is scaling being considered around overcrowding?

Community destination. Tour Destination. Amenities.
Community activities. Education opportunities - History & Art.

A nice beach area, a place to bring friends and family from out of town, nice rental space for birthdays or family gatherings

What are you most excited about with this project?

Concessions Ferry to island

Cool to go out to Coney Island. Is it safe to kayak to?

Adding another space that makes Wac a 'special' place to be, keeping the building quaint/unique (vs. 'corporate/city look')

Would like to see an inclusive playground!

I'll be repetitive, but safe biking connection to Dakota trail is important to me and several bicycling friends.

rentals

bench swings to watch the sunsets

Rental equipment!

Another great venue for Victoria residents to enjoy

What are you most excited about with this project?

Will be a great 'launching' space to kick off events (like 5K, 10K, 1/2 marathons, triathlons, fundraisers, etc.)

How does this fit in with the island?

Keep as much green space as possible. It was such a disappointment when the decades old trees were removed - please don't make it a 'city' park :)

A space for events or get togethers. Must have Great Lake view from the building. A bandstand with weekly music events. More umbrellas, bigger beach. Food and beverage including adult beverages

Prefer no smoking or alcohol-keep it family and nature focused

Tow rope for the sledding hill

Security?

Are there other opportunities and or amenities for us to consider?

Day lockers

An inclusive playground

Liquor license?

There could be a specific event calendar or a small rental fee that way anyone could rent it out for whatever events they want to have. eg. scout troops, local bands, food festival, ext.

Seasonal rental racks for paddle boards

Tow rope for the sledding hill

Open Seating space should be facing the lake

Bike rentals - both fat tire and standard

Space for archery classes

Are there other opportunities and or amenities for us to consider?

Playground or small splash pad

Coordination with the biking trail for maps and bike parking

Tow rope for the sledding hill!

Nature themed playground for all ages

Warming house for winter ice activities

Outdoor exercise equipment

walking trail near the water with bench swings

Day lockers would be convenient. I do not support liquor license. By permit is fine.

Splash pad

Are there other opportunities and or amenities for us to consider?

Self serve rental options (like the kayak or SUP racks), connecting bike trails. Please don't take too much green space away.

Fitness classes

Family restrooms - multiple would be nice. First aid station -

Artificial turf volleyball court

Zip line for kids, ninja course for kids, jet ski rentals, boat rides to the island for those that don't have a boat to get there. Specific area for dogs to swim.

Storage rental space for kayaks or SUPs.

Camping option on Coney Island?

Bike trail connection to Dakota trail

look out tower near boardwalk with binoculars to watch kite surfers etc

Are there other opportunities and or amenities for us to consider?

In water - water park - Inflatables. King of mountain, slides, etc. Could there be a private public partnership to connect food and beverage to the building. Lease space to a private restaurant.

More umbrellas!

Water bike rentals

Splash Pad and Playground or unique play area

Area for lifeguards to change and eat and rest

Definitely set up for all four seasons.

Zipline idea is great!

Nice technology

Can't do it all-this is step one
